ERASMUS+ PROGRAMME
Student Mobility Selection Call for Academic Year 2017-18

Faculty of Information Engineering, Informatics, and Statistics

Erasmus+ is the EU's programme to support education, training, youth and sport in Europe. 2014/2020.

Erasmus+ gives university students the possibility of increasing educational opportunities and acquiring the necessary skills for a professional career. Erasmus+ provides students with the opportunity to study abroad for up to 12 months for each study cycle and 24 months for single cycle degrees. The period can also be split into smaller periods.

Erasmus students will receive a grant and may attend courses and use the available structures without further registration fees (in some cases small contributions may be requested as for local students). **All activities abroad (with a positive result) will be fully recognized** as long as they have been approved in the Learning Agreement/Change Form. Full recognition of activities conducted abroad is one of the commitments undertaken by Sapienza University of Rome by approving the Erasmus Policy Statement (EPS) and the "Regulation for Student Mobility and Recognition of Study Periods and Training Abroad." (D.R. Prot. n. 34218 - 13.05.2015).

During Academic Year 2017-18, students may participate in the Erasmus+ Programme at universities in European Union member states and other participating countries. These include:

- European Union member states: Austria, Belgium, Bulgaria, Cyprus, Croatia, Denmark, Estonia, Finland, France, Germany, Greece, Ireland, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, United Kingdom, Czech Republic, Romania, Slovakia, Slovenia, Spain, Sweden and Hungary;
- EFTA/SEE Countries: Iceland, Liechtenstein and Norway;
- Turkey and the Republic of Macedonia (as EU candidate countries).

Moreover, students can attend a Superior Educational Institute in the Swiss Confederation (Swiss-European Mobility Programme). As Switzerland is not a member of the Programme Countries, the Swiss Federal Council will directly fund students who participate (see Art. 2 of this call).

1. APPLICATION REQUISITES

A. GENERAL REQUISITES

Sapienza students (including part-time students) who have paid all outstanding tuition fees (see note 1) and enrolled for Academic Year 2016-17 in a Bachelors, Masters, Single Cycle, Doctorate may apply for the Erasmus+ Programme, as indicated in the terms and rules of this call.

Please notice that in case of specialization, Erasmus grants are subject to compatibility with the specialization scholarship. In case of incompatibility, students may still participate in the programme, but without any financial support.

Moreover, candidates must also:

- Not be resident in the country where they intend to attend the Erasmus+ programme;
- Be registered with Sapienza for the entire Erasmus+ mobility period;

- Not have already exceeded the maximum period of participation in Erasmus+ for each 12-month cycle of study) and 24 months for single cycle degrees (see notes 2 and 3);
- Possess an adequate knowledge of the foreign language required in the host university as indicated in the call;
- Not be the recipients of any other EU grant (paragraph 2°)

Students enrolled in the third year of a three-year Bachelors programme for academic year 2016-17 and who intend to register for 2017-18 as "fuori corso" may apply following the same procedure for students on Bachelors programmes.

Students enrolled in the third year of a three-year Bachelors programme may apply for mobility in a Masters Programme. These candidates will be accepted on condition that they obtain their Bachelors degree and enrol for the successive cycle of studies (stated by self-certification of tuition fee payment).

B. Faculty Requisites

- Students must be registered to a Bachelors, Masters or specialization programme and have achieved at least:
-
- 12 CFU if registered to the first year of a Bachelors programme
- 36 CFU if registered to the second year of a Bachelors programme
- 60 CFU if registered to the third year of a Bachelors programme
- 9 CFU if registered to the first year of a Masters /specialization programme
- 30 CFU if registered to the second year of a Masters /specialization programme

Students who wish to take exams in advance must follow the decisions of the academic senate and single area councils.

- Registration to one of the following PhD/Specialization courses:

PhD in System Engineering

PhD in Computer Engineering
PhD in Operations Research
PhD in Automatic and Operations Research
PhD in Electronic Engineering
PhD in Electromagnetism
PhD in Information and Communication Engineering
School of Information and Communication Technology
PhD in Information and Communication Technology
PhD in Electronic Engineering and Remote Sensing
PhD in Remote Sensing
PhD in Computer Science
PhD in Demography
PhD in Actuarial Science
PhD in Methodological Statistics
School of Statistical Science

General Guidelines

Please note that only credits already acquired when applying will be considered. These credits must be acquired exclusively through exams and must be registered on Infostud.

This announcement is not open to students registered in interfaculty courses except for those belonging to the Faculty of Engineering in Information Technology and Statistics, as well students registered to a Masters Programme in Nanotechnologies at the Faculty of Civil and Industrial Engineering. These students may only apply for E BARCELO02 area 0714 with coordinator Prof. Irrera Fernanda.

It is understood that interfaculty students may apply only to one faculty (Faculty of Engineering in Information Technology and Statistics, Statistics I3S and Faculty of Civil and Industrial Engineering ICI).

Please note that this announcement is not open to students registered in other faculties.

- Students registered in a PhD or Specialization School must have clearance from the PhD coordinator or Director of the Specialization School.
- Credits acquired with Erasmus+ courses must be acknowledged before thesis discussion and conclusion of the programme.
- Students who wish to carry out research for their thesis should indicate the subject and have approval by their Italian coordinator and email approval by the foreign co-relator.

C. LANGUAGE SKILLS

Adequate linguistic skills are very important for a quality experience in Erasmus+. In the Learning Agreement, students declare possession of the language skills required by the hosting university, unless otherwise provided.

Candidates must:
- Verify that their language skills meet the requirements of the university of interest detailed in the list of destinations, unless otherwise provided;
- Check on the destination's website if there is any extra information on the required language skills;
- Possess the required language level when sending the Application Form;
- Submit official documentation (i.e, IELTS, DELF, PLE etc.) certifying language skills if the destination requests such certificate. Failure to comply will result in non-eligibility. In this phase, if the candidate still doesn't have this certification, he/she can declare in writing that he agrees to obtain it in due time.
- Obtain and submit a linguistic certification of the required level, issued by an adequate structure (faculty or other) in case the destination doesn't request an official language certification, but only a generic level (B1, B2 etc.). In case of equal ranking, an official language certification will be considered a preferential title.
- Please note that self-certifications will be accepted, the appropriate form is available on the faculty website (http://www.i3s.uniroma1.it/it/erasmus-documenti), only if the student has passed the language exam in his educational career. If the student qualified in a 3-credit language exam,

he/she may certify a B1 level; if he/she passed a 6-credit exam he/she can certify a B2.
- Self-certifications may be verified during selection procedures by an interview with a commission.
- Please note that in case a destination indicates two languages it means, unless otherwise advised, that the two are alternative to each other (i.e., Spanish or English) depending on the languages in which the selected courses are taught. It is understood that selecting courses in more than one language means it is necessary to satisfy more than one language requirement.

  Official language certificates for languages used at host university will be considered preferential for the assignment of a mobility period in case of equal ranking score.

All students must possess the requested language skills.

2. GRANTS AND FINANCIAL BENEFITS

Grants for mobility are to be considered as a contribution to the expenses of residing abroad and require participation in mobility activities.

To receive grants, students must sign the financial contract at their Erasmus+ office before leaving.

Students who **DO NOT TAKE OR PASS ANY EXAM** (language basic course doesn't count) during the study period abroad and/or who cannot certify work on their thesis or research for PhDs or Masters, **will not receive the MIUR Grant**.

A. EU Grants

Erasmus+ Grants for 2017-18 EU grants are based on the cost of living in the destination country. The mobility grants are based on destinations and divided into the following groups:

Group 1 Countries (high cost of living): Austria, Denmark, Finland, France, Ireland, Liechtenstein, Norway, Sweden, United Kingdom: **280 €/month**.

Group 2 and 3 Countries (average cost of living): Belgium, Croatia, Czech Republic, Cyprus, Germany, Greece, Iceland, Luxembourg, Netherlands, Portugal, Slovenia, Spain, Turkey; (low cost of living): Bulgaria, Estonia, Hungary, Latvia, Lithuania, Malta, Poland, Romania, Slovakia, former Yugoslav Republic of Macedonia: **230 €/month**.

<u>The actual grant will be calculated on the effective days of mobility certified by the hosting university.</u>

Erasmus grants are incompatible with grants from other programmes funded by the European Union.

If EU funds run out or students receive university or other EU grants or the student does not require funding, selected candidates may receive an "Erasmus Zero EU Grant" status that will allow him to enjoy the benefits of mobility without receiving the grant.

All Erasmus+ Grants are subject to the approval of University Erasmus proposals for Academic Year 2017-18 by the National Erasmus+ Indire Agency.

B. Sapienza and MIUR Funding

Sapienza will grant a financial integration to Erasmus+ students based on the approved co-funding.
Furthermore, as stated at the previous section a), students who DO NOT TAKE OR PASS ANY EXAM (language basic course doesn't count) during the study period abroad and/or who cannot certify work on their thesis or research for PhDs or Masters, will not receive the MIUR Grant.

Details on grants allocated during previous years are available at: http://www.uniroma1.it/erasmus/studenti-students/contributi

C. Funds for Disabled Students

The National Indire-Erasmus+ Agency grants funding for disabled students with special needs.

Disabled students must indicate any disability on their application and acceptance forms.

Selected disabled students will receive information on funding during the year at: http://www.uniroma1.it/erasmus/studenti-students/erasmus-studenti-diversamente-abili.

D. Funding for Students Requiring Further Financial Aid

Students who have specific financial problems may, based on their ISEE declaration, receive further financial aid through dedicated EU and Sapienza and MIUR funding

In order to apply, students who consider to have the right of receiving this fund, have to ask for ISEE 2017 for Right to University Studies to withholding agent CAF, other qualified people, or get it by the INPS website (http://servizi2.inps.it/servizi/Iseeriforma/home.aspx). The ISEE data will be assessed by the university on the dedicated INPS Platform and in case the student turns out to be without any ISEE DATA 2017 for Right to University Studies, he/she will not receive funding. Specific information will be provided during the year at: http://www.uniroma1.it/erasmus/studenti-students/contributi

E. Grants for Switzerland

Students will receive a monthly grant in Swiss Francs (SEMP Grants) paid directly by the Swiss government, unless otherwise provided by the host university.

The amount of the grant has not been established yet. Grants featured in paragraphs a), b) and c) of this article will not be provided as grants are paid directly to students by the Swiss government.

F. Taxation and Exemptions

For further information on tax requirements and exemptions related to funding, please refer to your accountant, tax office, CAF or other appointed body.

3. AVAILABLE MOBILITY DESTINATIONS

Available mobility destinations and number of available places may be subject to modifications based on the decisions of EU and national bodies regulating the programme and partner universities. Therefore, please be advised the information contained in this document is not final. Students should verify the possibility of studying abroad before applying.

Mobility periods for some destinations in the announcement may be shorter if the didactic calendar is shorter.

Moreover, for students who have already been on previous mobility periods, this reduction will be based on the number of allowed months, with a maximum of 12 and of 24 months for single-cycle degrees, following authorization from the host university.

Students can select a minimum of 3 and a maximum of 4 destinations from the following list.

It is possible to select the same destination more than once if it is for a different agreement (with a different supervisor, a different area, etc.), indicating a priority order between the 4. The priority order selected in the application will be binding in assigning the destination in case of winning candidates in more destinations.

Students may apply as per the degree requisites listed in the table below. **Applications for destinations not included in the specified pattern will be**

considered only as alternatives and the study project must be countersigned by the agreement supervisor and by the Academic Supervisor for Mobility of the specific study area.

Students on the Masters Degree Programme in Data Science may apply for all agreement groups, except for Group C. Nonetheless, agreements relative to Groups A, B, D, E and F are not specific to Data science, so students are responsible for verifying the feasibility of their project based on the courses available at the host university.

Data Science applicants will be inserted in the same ranking of their CdA; however, please note that the maximum number of places available to Data Science students is half of the total places available. If this number is odd, the extra place will be assigned based on the student ranking and, in case of equal ranking, to a student at the CdA that signed the agreement.

Please note that we cannot guarantee a first semester departure for destinations with a deadline too close to the March 15 deadline.
Please make sure that you possess the language level required to attend courses at your chosen destinations.

Mobility Levels:

1 = Undergraduate (Bachelors)
2 = Postgraduate (Masters, Single Cycle)
3 = Doctoral (Specialization School or PhD Research)

For Medicine Degrees and other similar cases, the level may be defined as necessary.

PhD students can apply for any destinations which allows doctorate mobility (Level 3).

** Please note that for those destinations with mobility level 3 may apply ONLY students enrolled in a PhD programme. In the mobility choice, please pay attention to the language level required for the frequency of the host institution. The requirements listed in the table have been shown by the individual partner universities. Interested students are also invited to personally investigate the true way of such requirements with respect to the required locations.

Together with the application, students must also submit:

- Photocopy of a valid ID document
- Self-certification of exams taken at university that have not yet been registered on INFOSTUD;
- Self-certification of exams taken abroad that have been validated but not yet been registered on INFOSTUD;
- Self-certification of exams taken abroad, but not registered on INFOSTUD.
- Copy of certificate of language skills
- Study project on the appropriate form downloadable from the website: http://www.i3s.uniroma1.it/it/erasmus-documenti This form must be signed by the Academic Supervisor for International Mobility (RAM) of the specific study area (see list http://www.i3s.uniroma1.it/it/node/5760) and by the agreement supervisor (the latter only in case an agreement outside of the students study area has been chosen).

Please note: as indicated by Bill 12/11/2011 - N. 183, all documents issued by public administrations (i.e., transcript certificates) may be substituted by self-declarations (D.P.R. 445/00).

The administration has the right to certify the data indicated in self-certifications and, in case of false declarations, will apply the sanctions established by Art. 76 D.P.R. N. 445/2000 and Articles 483, 485 and 486 of the Penal Code.

If the required documentation is not submitted by the indicated deadlines, or the declared information is not correct, the application will be rejected.

5. SELECTION AND RANKINGS

A Commission, appointed by the Dean and including the Academic International Mobility Coordinator, the Erasmus Faculty Administrative Supervisor, Academic Supervisors for Mobility of each educational area, an ex-Erasmus student or a student representative, will evaluate the applications per the following criteria:

Candidates enrolled in a Bachelors / Masters programme will be ranked based on 100 composed of the following four addenda:

I. Up to 35 points for the achieved credits regarding those expected for the year. Points are awarded proportionally;

II. Up to 45 points for exams passed at the date of this announcement, based on CFU and the year of registration.

   The GPA will suffer the decrease of 1 unit per year off course

   Points are awarded in proportion

Please note:

- For students enrolled in the Masters degree the exam average of the first cycle is also considered.

- Pass/Fail courses **are not** taken into consideration.

- 30 e lode is counted as 31

III. Up to 5 points for the level of language proficiency, by attaching certificates to the application: 1 point for self-certification, 3 for an official certificate and 5 for multiple certificates.

IV. Up to 15 points for the project to be carried out abroad, for areas in the bilateral agreement. 15 points for completed, well formulated projects with respect to the period of stay, 10 points incomplete but sufficient projects, 5 points largely incomplete projects.

Students enrolled in doctoral courses, who cannot be evaluated per the formula identified for students, will access the rankings as a reserve where agreements remain unallocated, for those locations where it is also expected the level 3 Doctoral. The awarding of the scholarship is still subject to the evaluation of linguistic competence. For the ranking of graduate students, we will use the following criteria:
- Year of enrolment, with priority to those who are closer to the end;
- Major scientific and educational activities with any judgment from the faculty;
- In case of equality the judgment of the exchange teacher in charge will be considered.

The commission will employ the indicated criteria to produce a temporary ranking of eligible students.

A Temporary Ranking will be published on the faculty website:
http://www.i3s.uniroma1.it/it/bando-erasmus

The ranking will become final if, within ten consecutive days from its publication, no appeals are presented to: (Via Ariosto 25, stair B, ground floor, room B003, Office Hours: Monday 14.30-17.30/Thursday 9.00/12.30
The Final Ranking will be published on the faculty website at: http://www.i3s.uniroma1.it/it/bando-erasmus and http://www.i3s.uniroma1.it/it

Accepted candidates must declare their acceptance of the mobility period within 10 days by sending the signed Acceptance Form available at: http://www.i3s.uniroma1.it/it/erasmus-documenti.

Students listed in the Final Ranking do not automatically have the right to the mobility period. The effective assignment of all mobility periods will follow the assessment of the necessary educational requirements established by each faculty and host university.

In case of equal scores, priority will be given to students who do not have previous Erasmus study or Erasmus placement/traineeship experiences.

For students enrolled in Statistics Department courses, those who have an international curriculum providing for the acquisition of CFUs with active bilateral agreements will have priority in the assignment.

6. LEARNING AGREEMENT, FINANCIAL CONTRACT AND ON-LINE LINGUISTIC SUPPORT (OLS)

All students who agree to the assigned destination must fill out the Learning Agreement (LA).

The LA is a document that is prepared before departure and details the study programme abroad.
The LA must be approved by the Degree programme RAM. The LA must be signed by the student and by the host university to guarantee the recognition of credits acquired abroad.

Students must fill out their LA on their personal webpage at:
http://151.100.101.75/pp2013/login.aspx.

Grant eligibility and the financial contract will be signed after the final approval of the LA. The status of Erasmus student and the right to the grant are subject to the signature of the financial contract.

The host university will determine candidate eligibility based on their profile and language skills, and may request further certifications or refuse the candidate based on rules that are not described in the Faculty or University Agreement.

The European Commission requires Erasmus mobility students to take on-line language assessment tests before and after the mobility period for the following languages: Czech, Danish, Dutch, English, French, German Greek, Polish, Spanish and Swedish, except for mother tongue students on mobility in Switzerland.

The procedure for the language assessment test will be communicated directly to students. The payment of the final grant check will take place only after the student has taken this mandatory test (see note 5).

7. RENUNCIATION

Acceptance of mobility is a serious commitment. Eligible students are requested to renounce after acceptance or right at the beginning of the mobility period only for serious and proven matters of force majeure, which must be communicated in writing and duly justified to allow the first reserve candidate to take advantage of this opportunity.

8. PROCEDURES AND LOGISTICS

- In order to plan their curricular project at the host university, students should carefully study all available information before applying. In fact, this information is fundamental for receiving the mobility assignment.

- Students who wish to write their thesis during a mobility period should agree on this with their professor, after having ascertained all the necessary information from the host university.

- Students who wish to write their thesis during a mobility period should agree previously on this with the responsible professor for the Inter-Institutional

Agreement and the RAM (Academic Responsible Mobility), after having ascertained all the necessary information from the host university.

- Erasmus students must take the planned exams for courses at the host university. The Faculty will recognise these exams, as described. Credits for exams taken at host universities must be acquired respecting all the rules and regulation of the curricula at their university.

- Once all the destinations have been assigned, the Commission will communicate the new deadline for eligible students and will set a new date for eligible students without assigned destinations to select from non-assigned ones. The assignments will be based on the final ranking. This communication will be published on the faculty website.

- Normally, foreign universities do not provide student housing for Erasmus students. Housing information is available on the websites of most universities. Students should check any deadlines or specific procedures that must be completed (accommodation and/or forms requested by the host university)**.**

- Eligible students for EU Candidate Countries must consult RAEF for information concerning health assistance and residence (host country visa, Erasmus Certificate, Host University Declaration, etc.).

- The civil responsibility and accident insurance coverage that students have at their university is automatically extended for the entire mobility period: http://www.uniroma1.it/ateneo/amministrazione/aree-e-uffici/direzione-risorse-umane-finanziarie-e-patrimoniali/area/polizze.

- Students on mobility periods must procure their own health and travel insurance all the stay abroad period long based on the conditions in the host country:

http://www.salute.gov.it/portale/temi/p2_6.jsp?lingua=italiano&id=897 &area=Assistenza%20sanitaria&menu=italiani.

9. INFORMATION ASSESSMENT

As per Art. 71 - DPR 445 - 28/12/2000, the university will verify application information randomly and, in any case, that poses doubts on the information provided by self-certifications.

10. TREATMENT OF PERSONAL DATA

The personal data of all applicants will be used for selection procedures and subsequent project phases for institutional objectives (D. lgs. 196/2003).

11. FINAL AUTHORITY

As established by Bill 7.8.1990, N. 241 and subsequent modifications and integrations, the final authority for the procedure is Dott. Daniela Lo Tenero – tel. 0677274178 – e-mail: erasmus-i3s@uniroma1.it Faculty Erasmus Office, Via Ariosto 25 scala B ground floor, room B003. Office Hours Monday 14.30-17.30, Thursday 9.00-12,30

12. END OF PROCEDURE
THE RANKINGS SHOULD BE FINALIZED AND PUBLISHED BY APRIL 15, 2017.

Rome, 2-2-2017

NOTES

(1) Students on Erasmus mobility periods must regularly pay Sapienza tuition fees. If the study abroad period involves the completion of degree theses, the students

need not pay tuition for the new academic year (2017-18), but must have presented an application graduation and graduate by the last session of Academic Year 2016-2017.

Students enrolled in third cycle programmes (PhD and Specialization Schools), who will complete their course of study after the deadline of this call, will be admitted with reserve.

(2) 24 months for single cycle degrees.

(3) The Erasmus Academic Year begins on June 1, 2017 and ends on September 30, 2018. Erasmus mobility periods range from a minimum of 3 months to a maximum of 12 months and are also based on previous experiences to calculate the 12-month limit per cycle.

(4) Credits must be acquired in respect of all requirements set by home university curricula.

(5) Evaluation tests will be held via the Online Linguistic Support (OLS) Platform as per the Common European Framework of Reference for Languages (CEFR). The European Commission also provides independent learning courses on the platform to help students on Erasmus+ to prepare for their mobility periods. Access to these courses is communicated directly to students upon signature of their contract.
